Dear Parents and Carers,

We have had another lovely week at school with dry weather making our time outdoors a pleasure. There continues to be lots of outside learning as well as a clear focus on our core curriculum areas. We reviewed children's writing this week, as a staff, and were able to celebrate high standards both in fiction and non-fiction writing, and across a wide range of genres.

Increasingly, our children are writing for a real purpose and showing some high level skills and understanding. I have seen lots of excellent teaching and learning this term, and this is continually being built upon. I have added a couple of congratulatory letters which we received from the government, regarding the high standards at West dean. Please see below.

We are also learning about people who have changed the world for the better—your children should be able to tell you about this and about our assemblies—google: <https://www.youtube.com/watch?v=KkW5s1zy4Io&safe=true>

**Helping others** Thank you to everyone who supported us with our new **Foodbank Friday**, we hope to have this regularly. All the items will be donated to Chichester Foodbank. We really appreciate your support with this, for further information:

<https://chichesterdistrict.foodbank.org.uk>.

This week we have had a visit from the **RSPB**: the children looked at animals and habitats, seasonal changes. The visitors brought lots of resources which the children used to explore the work of the RSPB.

## Corona Virus

### Advice for parents/guardians

You should not be unduly worried about the possibility of your children catching the Coronavirus. There is no reason why your children should not continue to attend their early years, school or further education setting as normal.

We recognise that some families or children may be planning to travel to China during the forthcoming half term period. If so, please refer to the FCO's latest travel advice via the link above.

### What action you can take

A UK wide campaign has been launched to provide clear advice on how to slow the spread of Coronavirus. Please help to support the campaign which promotes basic hygiene practices, such as regularly washing hands and always sneezing into a tissue, to stem the spread of viruses.

## Local School Closures

Please find below some recent information regarding the closure of small schools in our area. It is worth noting that WSCC have a strategy, which is explained in the 'consultation documents': in this strategy, it clearly states the long term aim to reduce the number of small schools. There is no immediate threat to our school, but it is worth us all being aware of this strategy and the need to remain full and thriving, serving our community and providing fabulous education. I am passionate about the value we provide—I see us as 'value for money' rather than cheap! Per head, it is likely that education may cost WSCC more at West Dean than in some other larger primary schools, but we are unlikely to be on the 'hit list' currently for many reasons, some of which are highlighted below.

- We have high attainment and progress
- Transition from early years and to secondary provision is strong
- We offer inclusive education
- Our 'disadvantaged' pupils and those with Special Educational Needs and Disabilities (SEND) and achieve well
- We are financially secure in the short and medium-term (although this will depend on fund-raising and future local and national budgetary decisions)
- We work effectively in partnership with all our stakeholders and other agencies
- Every year group in school is 'full' - we have an admission limit of 14 pupils for each year group and are up to 14 or 15 throughout

*WSCC definition of a 'small school'? In West Sussex a small school is defined as a school with 100 or fewer pupils. Central government uses a variety of measures for minimum pupil numbers for schools. The County Council will use these to support our guiding principles for primary schools which, wherever possible, should have a minimum of one form of entry (1FE), 210 places, and ideally a maximum of three forms of entry (3FE), 630 places (although there may be some exceptions). Recent guidance from the Department for Education is that all new primary 'Free Schools' should be no smaller than two forms of entry (2FE), 420 places. However, we recognise the need for sufficient high quality pupil places in all areas to meet local demand and so there is no wish from the County Council to have a uniform size of school provision across the County. We recognise the value of small schools in providing education and also in meeting the needs of their local communities. This is particularly the case in isolated rural communities. However, where some areas are seeing a decline in school aged children or are unable to secure a sustainable role from within the communities they currently draw from, it is important for the local authority to consider how it can best provide a sustainable education across the wider community. Much is being said about the climate emergency and, as much as is feasibly possible, we would encourage children to attend their local schools to reduce transport and carbon emissions.*

Please do take time to look at the information available by following the links in the latest WSCC communication:
